It seems like a long time ago we were solely operating out of our location on Baseline. Even with very limited space and resources we were able to support our neighbors in need with a food bank, thrift store, limited programming and offices for our staff. I fondly recall crowded hallways with boxes of cucumbers stacked up to the top of an eight foot ceiling. When I think back to those days a smile comes across my face as the memories of helping others in need and the endless demonstration of compassion offered by our staff and volunteers fills me with joy.

Over the last decade the Center has expanded its programming to address varying needs with compassionate and holistic services during a crisis and beyond. Although the hallways at our Aspen Ridge location are no longer storage space for cucumbers, we continue to find creative ways with the limited resources we have to meet the need in our community.

We are fortunate to have a strong staff of 36 employees and hundreds of caring volunteers. In a world that sometimes may feel unpredictable, our community can rest assured that the heartfelt service our staff and volunteers provide is not. I am proud and honored to be a part of the amazing team at the Center and I cherish the memories we are creating.

This year I was blessed to attend an event at which one of our participants graciously and bravely shared the intimate challenges she had experienced. She described how she battled with drug addiction, experienced homelessness for a brief time, financially struggled to make ends meet, and find stable employment, and dealt with the devastating incarceration of her son and food insecurity. The Center supported her on and off for almost ten years through provisions of food, essential items from our thrift store, rent and utility assistance, emotional support and the unwavering compassion of a caring hand. With perseverance, dedication and courage she is now drug free and is working a full-time position. Recently, she was promoted to a management positon and now earns a living wage.

She continues to this day to give credit to the staff for the support she received during some of the hardest times in her life. Success does not only require a participant’s tenacity but also a combined effort from a compassionate community and access to resources. I continue to be humbled and awe-inspired by the work of our employees, volunteers, donors and participants and the overall profound impact we have together in our community.

Thank you for giving a part of your heart to our community.

THERE FOR THE WHOLE FAMILY

AS A FAMILY RESOURCE CENTER WE

STRENGTHEN

families and communities so they can foster optimal development of children, youth and adult family members.

PREVENT

family problems by strengthening parent-child relationships and supporting parents to be good nurturers and providers. Ultimately reducing child abuse and neglect.

ENCOURAGE

public and private agencies to work in partnership with families to become more preventative, responsive, flexible, family-centered, strengths-based, holistic and effective.

ACT

as a movement for social change that urges policymakers, service providers, parents, and employers to take responsibility for improving the lives of children and families and ensuring they get what they need to succeed.

OUR MISSION

Is to provide assistance to the residents of East Boulder County who are in need without discrimination.
ADVOCACY

Our Advocacy Program is committed to strengthening individual, family, and community relationships through guidance that is one-on-one, culturally competent and centered on the strengths and needs of the entire family. Our goal is to support health in families and assist them in recovering from challenging experiences through access to coordinated resources, education, prevention, basic needs and holistic supportive services.

Assisted 302 families in working towards or obtaining employment
Empowered 985 families with one-on-one advocacy to help them take steps towards self-reliance
Assisted 137 with utility assistance. A simple act that helps prevent homelessness.
Educated 509 families on financial planning and budgeting
Prevented 230 families from becoming homeless
Supplied $23,397 in Thrift Store vouchers for life’s essential items

CHILD & PARENT

Over 35% of the participants we serve are children.

Our goal is to empower parents with the tools, skills and confidence they need to provide a healthy, safe and loving environment for their children. Parents receive one-on-one support to get their children the medical care they need and assistance with enrolling into the Childcare Assistance Program in order to remove childcare as a barrier to obtaining employment.

Educated 173 parents on nurturing parenting practices to help reduce abuse and neglect.
We offer 4 family-centered events annually to give struggling families a fun night together that is not financially stressful.
Conducted 50 on-site child development screenings.
An important aspect of regaining stability is consistent access to nutritious food, necessary medical care and mental health counseling. SCCC provides these supportive services that can stop the downward spiral of a crisis situation so that families are not faced with the decision about whether to buy food or pay rent. We also offer families nutritional education opportunities and workshops on how to prepare healthy meals on a budget.

Supplied 1,327,319 pounds of nutritious food to 2,275 families

1,264 pounds of food generated from our on-site organic garden

Zumba and Yoga classes offered weekly
NIA (cardio-dance) classes offered weekly
CATCH Kids after school exercise and health program

Eating Smart Being Active classes for adults
Nutrition and Healthy Food Choices classes for adults
Exploring Food Together classes for kids

Partnered with local medical agencies for on-site basic health screenings and mammograms

Provided mental health counseling for 109 participants with acute psychological needs

Assisted 53 participants in obtaining necessary eye exams and glasses

Conducted 50 on-site child developmental health screenings

Eleven participants received financial support for necessary prescriptions

¹² Boulder County Trends Report published in 2015 by the Community Foundation of Boulder County
Through our membership with the Family Resource Center Association, SCCC was selected to receive additional funding to host the Family Leadership Training Institute (FLTI). FLTI is a 20-week family civics program in which 25 participants will receive 120 hours of evidence-based curriculum that includes personal and child development, leadership training, civic literacy and civic participation skills to help them become effective leaders in their communities.

SCCC is working to secure additional funding to continue this program into 2018 and aims to add a youth component. The goal is to empower the role of individuals and families as change agents within their communities and local government through the building of confidence and civic skill set to advocate for change that will improve the quality of life in their communities.
